

APPENDIX 16

MEDIA AND STATUS CODES

Part A: INTRODUCTION

1. GENERAL. The Media and Status (M&S) Code is a one character, alpha numeric code found in card column (cc) 7 applicable to furnishing status on certain MILSTRIP requisitions, Material Returns Program (MRP) documents and related transactions. The media and status code is a mandatory entry by the originator of the document and will not be altered during subsequent processing, except when modified with an AM____ document or when changed by the Secondary Inventory Control Activity (SICA) for document control. Activities requiring status are encouraged to obtain and utilize full supply and shipment status to reduce the need for follow-up inquiries.

2. A SERIES DOCUMENTS: On A series documents the M&S Code indicates the type of status required, the preferred method of transmission, and the recipient of the status. With the exception of M&S Code Y, M&S Codes do not inhibit the mandatory furnishing of 100% supply and shipment status to the activity designated by a significant entry in 54. Limitations are as follows:

a. For intra-Navy ammunition requisitions, when a valid Navy UIC is entered in cc 45-50, supply status will be sent to the requisitioner and the supplementary address as well as the monitoring activity when one is prescribed by an entry in cc 54.

b. With the exception of M&S Code 8, M&S Codes do not apply to rejection or cancellation status, responses to follow-ups, or status responses to Material Obligation Validation (MOV) Response (DI Code AP_____) documents.

3. FT SERIES DOCUMENTS (MRP): On FT series documents, the M&S Code specifies the activity to receive replies to excess reports and related transactions output by ICPs/IMMs. Limitations are as follows:

a. When the SICA is identified in cc 52, M&S Code 9 will be entered and the Signal Code (cc 51) will be C or L.

4. DAAS DOCUMENT TRANSMISSION MEDIA.

a. Regardless of the M&S Code cited, supply sources will transmit all machine sensible (80 card columns) status documents via DAAS. Upon receipt of the status documents, DAAS will transmit via the most expeditious means available for each activity.

Part B: M&S CODES USED WITH A SERIES DI CODES

<u>Code</u>	<u>Explanation</u>
A	100% supply status and shipment status to requisitioner (cc 30-35) on a Clear-Text Supply Status/Shipment Information Mailer prepared by DAAS.
B	100% supply status to requisitioner (cc 30-35) by electronic methods.
C	100% supply status to requisitioner (cc 30-35) by readable document (mailed).
D	100% supply status to supplementary address (cc 45-50) by electronic methods.
E	100% supply status to supplementary address (cc 45-50) by readable document (mailed).
F	100% supply status and shipment status to supplementary address (cc 45-50) and requisitioner (cc 30-35) by electronic methods.
G	100% supply status and shipment status to requisitioner (cc 30-35) and supplementary address (cc 45-50) on a Clear-Text Supply Status/Shipment Information Mailer prepared by DAAS.
H	100% supply status and shipment status to supplementary address (cc 45-50) on a Clear-Text Supply Status/Shipment Information Mailer prepared by DAAS.
J	Exception supply status and shipment status to requisitioner (cc 30-35) on a Clear-Text Supply Status/Shipment Information Mailer prepared by DAAS.
K	Exception supply status and shipment status to requisitioner (cc 30-35) by electronic methods.
L	Exception supply status and shipment status to requisitioner (cc 30-35) by readable document (mailed).
M	Exception supply status and shipment status to supplementary address (cc 45-50) by electronic methods.
N	Exception supply status and shipment status to supplementary address (cc 45-50) by readable document (mailed).
P	Exception supply status and shipment status to requisitioner (cc 30-35) and supplementary (cc 45-50) address on a Clear-Text Supply Status/Shipment Information Mailer prepared by DAAS.
Q	Exception supply status and shipment status to supplementary address (cc 45-50) on a Clear-Text Supply Status/Shipment Information Mailer prepared by DAAS.
S	100% supply status and shipment status to requisitioner (cc 30-35) by electronic methods.
T	100% supply status and shipment status to requisitioner (cc 30-35) by readable document (mailed).

Media and Status Codes

Appendix 16

<u>Code</u>	<u>Explanation</u>
U	100% supply status and shipment status to supplementary address (cc 45-50) by electronic methods.
V	100% supply status and shipment status to supplementary address (cc 45-50) by readable document (mailed).
Y	No status to requisitioner (cc 30-35) or supplementary address (cc 45-50) other than mandatory shipment status to the ship-to activity designated by the signal code (cc 51). Exception supply status and shipment status by electronic methods to the activity designated by a significant entry in cc 54.
Z	Exception supply status and shipment status to requisitioner (cc 30-35) and supplementary address (cc 45-50) by electronic methods.
0	No status to requisitioner (cc 30-35) or supplementary address (cc 45-50) other than mandatory shipment status to the ship-to activity designated by the signal code (cc 51). 100% supply status and shipment status by electronic methods to the activity designated by a significant entry in cc 54.
2	Exception supply status to requisitioner (cc 30-35) by electronic methods.
3	Exception supply status to requisitioner (cc 30-35) by readable document (mailed).
4	Exception supply status to supplementary address (cc 45-50) by electronic methods.
5	Exception supply status to supplementary address (cc 45-50) by readable document (mailed).
8	100% supply status and shipment status to activity indicated in cc 54 by electronic methods. Do not provide status to any other status eligible recipient under any other circumstances. (For use only by SICAs on transactions for nonconsumable items.)

Part C: M&S CODES USED WITH FT SERIES DI CODES

<u>Code</u>	<u>Explanation</u>
1	Reserved.
2	Reply to requisitioner (cc 30-35) by electronic methods.
3	Reply to requisitioner (cc 30-35) by readable document (mailed).
4	Reply to supplementary address (cc 45-50) by electronic methods.
5	Reply to supplementary address (cc 45-50) by readable document (mailed).
9	Reply to activity in cc 52 by electronic methods.

Part D: MEDIA & STATUS CODES BY PREFERRED MEDIA

<u>Preferred Media</u>	<u>To: cc</u>	<u>30-35</u>	<u>45-50</u>	<u>30-35 & 45-50</u>	<u>54</u>
100% supply status and shipment status					
Clear-Text Mailer		A	G	H	-
Electronic Methods		S	F	U	8, 0
Readable document (Mailed)		T	-	V	-
100% supply status					
Electronic Methods		B	-	D	-
Readable document (Mailed)		C	-	E	-
Exception supply status and shipment status					
Clear-Text Mailer		J	P	Q	-
Electronic Methods		K	Z	M	Y
Readable document (Mailed)		L	-	N	-
Exception supply status					
Electronic Methods		2	-	4	-
Readable document (Mailed)		3	-	5	-

Part E: MEDIA & STATUS CODES BY TYPE OF STATUS

<u>Type of Status</u>	<u>To: cc</u>	<u>30-35</u>	<u>45-50</u>	<u>30-35 & 45-50</u>	<u>54</u>
Clear-Text Mailer					
100% supply status & shipment status		A	G	H	-
Exception supply status & shipment status		J	P	Q	-
Electronic Methods					
100% supply status & shipment status		S	F	U	8, 0
100% supply status		B	-	D	-
Exception supply status & shipment status		K	Z	M	Y
Exception supply status		2	-	4	-
Readable Document (Mailed)					
100% supply status & shipment status		T	-	V	-
100% supply status		C	-	E	-
Exception supply status & shipment status		L	-	N	-
Exception supply status		3	-	5	-
